

## Jonathan-You Are Our Brother

In honor of a true hero of Israel--our dear brother Jonathan Pollard, prisoner of Zion for the last 22 years!

We, the youth of Gush Katif, were expelled from our homes two years ago and thrust into a difficult situation that often leads us to great anguish and despair.

But when we find ourselves in difficulties we remember to stop and look up to you, our dear brother and role model, and draw great strength from what we see:

- You, who was disgracefully expelled from the Israeli consulate in Washington after you risked your life to save us;
- You, who remained of strong and steadfast spirit and did not allow them to break you--

We view your dedication to your nation, the People of Israel

Your unrelenting faith in G-d,

Your pride in being Jewish--

And we are stirred and inspired by your remarkable strength of will.

Jonathan --all of us hope and pray with all our hearts, for the moment when we will come greet you as you disembark from an airplane in Israel. We will be there to welcome you with tears of joy, with song and with signs--"Welcome Home."

Jonathan --we all wait for you here, at home

We love you, we pray for your welfare

And we wish you a good year; may you be inscribed in the book of life.

May you merit freedom and liberty, as it says,

"The sons shall return to their borders."

We the undersigned: Representatives of Gush Katif Youth
